Der Spiegel Eine verschwundene Paläontologin, von der nur noch das Foto ihres abgeschnittenen Ohrs existiert. Und die Mumie einer Frau, die im Bostoner Hafen gefunden wird. Dr. Kay Scarpetta bekommt es mit einer ebenso düsteren wie bizarren Mordserie zu tun, die sie selbst in größte Schwierigkeiten bringt. Kay Scarpetta ist als Zeugin im Prozess gegen einen Öl-Tycoon geladen, dem der Mord an seiner spurlos verschwundenen Ehefrau vorgeworfen wird. Wenige Stunden zuvor musste die berühmte Rechtsmedizinerin noch unter schwierigsten Umständen die mumifizierte Leiche einer Frau aus dem Bostoner Hafen bergen. Handelt es sich bei der Toten um die vermisste Industriellengattin? Diese Frage stellt sich auch die Anwältin des Angeklagten, die alles daran setzt, Scarpettas Reputation zu untergraben. Fieberhaft beginnt die Rechtsmedizinerin mit der Untersuchung der Mumie. Daneben machen ihr noch ganz andere Probleme zu schaffen: Ihr Chefermittler Pete Marino gerät unter Mordverdacht, und ihr Ehemann Benton Wesley scheint sich von ihr abzuwenden. La Marca de la Sangre Patricia Daniels Cornwell 2017-02-28 Con motivo de su cumpleaños, la doctora Scarpetta se dispone a volar a Miami cuando descubre siete monedas en la pared trasera de su casa de Cambridge. ¿Se trata de un juego infantil? Y en ese caso, ¿por qué todas las monedas son de 1981 y tan brillantes como si acabaran de acuñarlas? De pronto suena su móvil y el detective Steve Marino le informa de que se ha cometido un asesinato a cinco minutos de distancia: un profesor de música del instituto ha recibido un certero disparo cuando estaba descargando alimentos de su coche. Nadie vio ni oyó nada. Kay Scarpetta se verá en medio de la pesadillesca persecución de un francotirador y asesino en serie, una investigación que la llevará a las oscuras profundidades de la costa de Florida, donde se sumergirá en busca de un barco hundido para hallar respuestas que solo ella puede descubrir y analizar. Pronto comprobará que las evidencias señalan a un miembro de su propia familia: nada menos que Lucy, su sobrina experta en tecnología. (Fuente: <http://www.edicionesb.com/>).

Flesh and Blood (Dyslexic Edition) Patricia Daniels Cornwell 2018 It is a sunny morning in Cambridge, Massachusetts, and also Dr. Kay Scarpetta's birthday. She's about to head to Miami for a vacation with Benton Wesley, her FBI profiler husband, when she notices seven pennies on a wall behind their home. Is this a kids' game? And if so, why are all of the coins dated 1981 and so shiny they could be newly minted? Her cellphone rings, and Detective Pete Marino tells her there's been a homicide five minutes away. A high school music teacher has been shot with uncanny precision as he unloaded groceries from his car. Yet no one has heard or seen a thing. In this 22nd Scarpetta novel, the master forensic sleuth finds herself in the unsettling pursuit of a serial sniper who leaves no incriminating evidence except fragments of copper. The shots seem impossible to achieve, yet they are so perfect that they cause death in an instant. The victims appear to have had nothing in common, and there is no pattern to indicate where the killer will strike next. Until Scarpetta comes face to face with shocking evidence that implicates her techno genius niece, Lucy, her very own flesh and blood. With the bravura storytelling and state-of-the-art forensic details that are her hallmarks, Patricia Cornwell again raises the bar with this highly entertaining new tale, her most captivating Scarpetta novel yet.

Disability, Literature, Genre Ria Cheyne 2019-11-30 Examining the intersection of disability and genre in popular works of horror, crime, science fiction, fantasy, and romance published since the late 1960s, Disability, Literature, Genre is a major contribution to both cultural disability studies and genre fiction studies. Drawing on recent work on affect and emotion, the book explores how disability makes us feel, and how those feelings shape interpersonal and fictional encounters. Written in a clear and accessible style, Disability, Literature, Genre offers a

timely reflection on the rapidly growing body of scholarship on disability representation, as well as an innovative new theorisation of genre. By reconceptualising genre reading as an affective process, Ria Cheyne establishes genre fiction as a key site of investigation for disability studies. She argues that genre fiction's unique combination of affectivity and reflexivity makes it ideally suited to the production of reflexive representations of disability: representations which encourage the reader to reflect upon what they understand about disability, and potentially to rethink it. Examining the affective--and effective--power of disability representations in a wide range of popular genre fiction, this book will be essential reading for academics in disability studies, literary studies, popular culture studies, and the medical humanities.

American Noir Barry Forshaw 2017-04-27 Barry Forshaw is acknowledged as a leading expert on crime fiction and films from Britain and the European countries, but a further area of expertise is American crime fiction, film and TV, as demonstrated in such books as *The Rough Guide to Crime Fiction and Detective*. After the success of earlier entries in his Noir series - Nordic Noir, Brit Noir and Euro Noir - he now tackles the largest and, some might argue, most impressive body of crime fiction from a single country, the United States, to produce the perfect reader's guide to modern American crime fiction. The word 'Noir' is used in its loosest sense: every major living American writer is considered (including the giants Harlan Coben, Patricia Cornwell, James Lee Burke, James Ellroy and Sara Paretsky, as well as non-crime writers such as Stephen King who stray into the genre), often through a concentration on one or two key books. Many exciting new talents are highlighted, and Barry Forshaw's knowledge of - and personal acquaintance with - many of the writers grants valuable insights into this massively popular field. But the crime genre is as much about films and TV as it is about books, and *American Noir* is a celebration of the former as well as the latter. US television crime drama in particular is enjoying a new golden age, and all of the important current series are covered here, as well as key important recent films. 'The book canters through American Crime fiction of the early 21st century, conveys information in an easily accessible manner and provides a readable overview of the whole area, one that can be dipped into at random, consulted for specific information or read for general interest' - *Mystery People* 'Forshaw's deep knowledge of Noir ensures this is a fascinating guide, as well as a top-notch reading list' - *Crime Scene Magazine* Look out for the other books in Barry Forshaw's Noir series Euro Noir, Nordic Noir, Brit Noir and Historical Noir, and for his latest book, *Crime Fiction: A Reader's Guide*.

Crime in Fact and Fiction Brian P Block 2015-07-23 This intriguing book highlights differences in how crime is portrayed in the arts compared to reality, focusing on the roles of the police, courts and forensic investigators. Of interest to criminologists, sociologists, lawyers and other criminal justice personnel, it will also appeal to anyone interested in crime and punishment. What we see or read in the media follows a formula inviting suspension of disbelief. It is a long way from what happens in real life and the book contains vivid examples, contrasts and comparisons. As the author points out, from Shakespeare to Harold Pinter, Dickens to P D James and as between authors, dramatists and filmmakers of all kinds the rules are frequently broken by dramatic licence, structural demands, the need for a good ending and entertainment. A book to read, enjoy and learn a great deal from: whether it is Agatha Christie Dixon of Dock Green, Patricia Cornwell Kavanagh QC, Kathy Reichs, Sherlock Holmes, *Waking the Dead*, García Márquez, *A Touch of Frost* Edgar Allan Poe, *Heartbeator* lesser known writers, works or fictional creations. A closely observed account by someone who served at a senior level as a magistrate and scientist which highlights differences between real life and fiction concerning criminal processes. Contains instructive and entertaining examples making it readable, accessible and ideal for seasoned practitioners, students and beginners.

Southern Cross Patricia Cornwell 1999-12-01 Patricia Cornwell has a sixth sense about the men and women in blue. In *Hornet's Nest*, her page-turning novel about crime and police in Charlotte, North Carolina, Cornwell moved behind the badges of these real-life heroes to uncover flesh-and-blood characters who strode through her pages to reveal vulnerable, passionate, brave, sometimes doubting, always fascinating figures. In *Southern Cross*, Cornwell takes us even closer to the personal and professional lives of big-city police, in a story of corruption, scandal, and robberies that escalate to murder. This time, her setting is Richmond, Virginia, where Charlotte Police Chief Judy Hammer has been brought by an NIJ grant to clean up the police force. Reeling from the recent death of her husband, and resented by the police force, city manager, and mayor of Richmond, Hammer is joined by her deputy chief Virginia West and rookie Andy Brazil on the most difficult assignment of her career. In the face of overwhelming public scrutiny, the trio must bring truth, order, and sanity to a city in trouble.
