The True Joy of Positive Living Norman Vincent Peale 2015-09-29 The inspiring autobiography of the world-renowned minister and revered self-help giant whose positive thinking techniques have bettered the lives of millions of people In his 95 years, Norman Vincent Peale made a profound difference. The son of a minister in Lynchburg, Ohio, he went on to preach the Lord's word at Manhattan's now-famous Marble Collegiate Church, where he served as pastor for 52 years and oversaw the church's growth from 600 members to more than 5,000. He had a popular radio program for more than half a century, and appeared regularly on television. But perhaps his most lasting and powerful contribution was as author of the mega-bestseller The Power of Positive Thinking, the groundbreaking book that provided new guidance and hope and changed countless lives for generations throughout the world. The True Joy of Positive Living is the inspiring true story of a humble man who started out poor in a small Midwestern town and rose to become one of the most famous and influential American figures of the 20th century—a man of God who was awarded the Presidential Medal of Freedom, the country's highest civilian honor, by President Ronald Reagan in 1984. Together with this wife Ruth, Dr. Peale founded the Peale Center for Christian Living and Guideposts magazine to ensure that his messages of self-confidence and the power of faith would continue to guide millions around the world even after his death. In his own uplifting words, Dr. Peale shares the story of a remarkable life lived with dignity and purpose. This stirring chronicle of an extraordinary soul—his unwavering service to the Lord and his remarkable development of the principles of positivity that had a life-altering effect on so many—will be an inspiration to all who read it.

From Troublesome Creek Duane Acker 2013 Near the banks of Troublesome Creek in Cass County, Iowa, a boy happily grows up on his family's farm in the  
1930s and 1940s. He helps his father milk cows and harvest hay, reads newspapers, and listens to radio serials. But it is when he is seventeen and hears his  
mother excitedly shout, "You won!" that everything suddenly changes for Duane Acker. In his engaging memoir, Acker begins by chronicling his early life,  
leading up to the moment when his mother told him he had won a sizeable college scholarship, ultimately transforming the course of his life forever. As he  
shares anecdotes from college, his teaching years, and his university leadership roles, Acker offers a glimpse into the characters he encountered along the  
way, including a beloved school janitor, a wise associate dean, and a decisive governor. Acker also shares fascinating "extracurricular" experiences, such as  
dining in the White House next to the President's wife and reviewing the impact of the post-World War II Marshall Plan as a guest of the West German  
government. From Troublesome Creek takes a compelling journey through a farm boy's coming-of-age experiences and life lessons that continue through his  
unexpected path in life.

Wie lebt man von 24 Stunden am Tag Arnold Bennett 1988

Mit positivem Denken zum Erfolg Napoleon Hill 2020-10-11 Erfolg, Gesundheit, Glück und Reichtum hängen davon ab, welche Entscheidungen wir treffen.

Denn unser Verstand gleicht einer Münze mit zwei Seiten: Auf der einen Seite sind die Buchstaben PMA (Positive Mental Attitude) und auf der anderen NMA (Negative Mental Attitude) eingraviert. Eine positive Einstellung zieht das Gute und das Schöne an. Die negative Einstellung hingegen nimmt uns alles, was das Leben lebenswert macht. Für dieses Buch haben sich Napoleon Hill und der Multimillionär W. Clement Stone zu einer der bemerkenswertesten Partnerschaften aller Zeiten zusammengeschlossen. Das Ergebnis war "Mit positivem Denken zum Erfolg" und die Idee, dass mit der richtigen Einstellung jeder seine Träume verwirklichen kann. Das Buch, das Generationen von Menschen, die eine bessere Lebensweise suchen – und gefunden haben –, zum Erfolg geführt hat, jetzt erstmals auf Deutsch.

Be BIG Judith Katz 2008-08-01 Too many people have decided that the safest way to get through life is to be small. They try not to attract attention to themselves, just tending their own safe little garden. They've decided it's too dangerous to think big, to speak out, to take risks. They might get shot down. Or look foolish. People will think they're just not good enough. But, particularly today, organizations need people to step up and be BIG. We need new ideas, new products, new processes. People have to bring more of themselves to the workplace, to contribute more, and to have a bigger impact on the success of the organization. This inspiring illustrated book challenges all of us to show up more fully as individuals and in our interactions with others and to find ways to be BIG together. In straightforward, incisive language, Judith Katz and Frederick Miller help us understand all of the many, sometimes subtle ways we make ourselves small. They show how we make others small as well and how these same attitudes can keep us from working together effectively. And they encourage us to nourish new attitudes that will make us, our coworkers, and our organizations bigger. Be BIG invites us to bring more of ourselves to each situation—whether working independently, with another individual, or with a group—so that we can do our best work together.

Philosophy: A Path with Heart Alan H. Johnson, PhD 2014-04-02 Philosophy: A Path with Heart is an autobiographically structured story of the author's deeply personal, emotional, and engaging encounter with philosophy, psychology, and spiritual concerns of the mind and heart from the age of thirteen. Significantly more attention is paid to philosophy than biography. The reader is asked to consider the philosophical, moral, political, environmental, and spiritual issues on which the author has reflected, and with which he continues to dance. He cites in some detail the writings of Barry, Halifax, Harner, Illich, Jung, Kluckhohn, Marx, Parsons, Safina, Swimme, Shills, Tillich, and Wilber. The book attempts to inspire an appreciation of philosophy as an ongoing dialogue with one's self and others. This dialogue is how his or her world is created, and directly responsible for forming the physical, social, and personal space in which they live. Philosophy is asking more of oneself than facile play with a Smartphone. Philosophy is creating a home for the soul as a house is constructed as a home for the body. What are you building for yourself and those around you?
